We thank the San Antonio Junior League, SA Food Bank, WAVE Healthcare, HEB, District 10, GPM Life, UpPartnership, the Church of Reconciliation, WalMart, Shippy Properties and the many others that have made this program and our support possible!

This is the first of the Out of School Time Programs Barrington Neighbors will be providing for those in the Community we serve. This is the first of these programs and we are going to be limiting it to the first 50 students that register, in order to maintain a safe, social distance and to provide the mar beneficial "Hands-on" experience for all those attending. We are partnering with several other Community organizations and are looking forward to this educational, creative and especially FUN Program
